## Carefree Driving

You are a modern woman. Independent, creative and inspiring. You treasure your freedom. But with aspirations, ambition and achievements come responsibilities.

Thankfully, owning a car and the maintenance of it, needn't be one of them.

Regular servicing, occasional breakdowns, repair work from minor accidents are matters that require attention and time. But now there's someone who can take care of them so you can focus on life's more important concerns.

Introducing Allianz LadyAutoSafe – a totally comprehensive insurance plan formulated specially for lady drivers such as yourself. Its single-minded objective? To make owning a car a breeze and to provide you with complete peace of mind while you drive.

From free collection and delivery of the car for regular checkups, to courtesy cars while yours is being repaired as a result of an accident, and even assistance in making claims, the plan has all that you could ever need to drive without a care.

At Allianz we believe driving a car shouldn't distract you from the bigger job of driving your aspirations.
